VADEA Inspire Metro Steam is a professional development day for visual arts and design teachers to be held on Wednesday 27th June, an opportunity to exchange ideas and teaching and learning strategies with teaching colleagues.

Pymble Ladies College will host the day, for visual arts and design teachers to share resources, new ideas, programs and learning strategies. The program will include an initial series of short presentations from experts working in the STE[A]M space and visual arts educators working in integrated curriculum design or curriculum that could work within a STE[A]M context. The day will also be supported by our sponsors – S&S Wholesale Pty Ltd and Eckersley's Art and Craft.

Each participant is requested to bring a Visual Arts or Visual Design or Photographic and Digital Media unit of work, program overview or resource to share in Swap Meet afternoon session. These resources are to reflect the content of teaching and learning programs you are currently undertaking and do not need to involve STEM or STEAM.

Onsite parking in school grounds carpark via Gate 3 and below Mollie Dive Sporting Fields. A map will be provided with Registration.

Tinkering with 3D Object Design Extended

Participants will be provided with a 'taster' experience with Tinkercad and explore the capacity of 3D printing and object design in relation to a Jewellery Design Unit currently operating at Pymble Ladies College. Scope for discussion on alternative ways of introducing 3D Object Design & Tinkercad in Visual Art classrooms will be explored. Bring an image of a modernist painting and be inspired to create a 3D digital interpretation for a pendant design.
