

**VADEA +  
WESTCONNEX**

**PUBLIC ART  
PROGRAM**

29th November, 2020

Dear Principal,

**RE: CURRICULUM WRITERS FOR VADEA / WESTCONNEX PUBLIC ART PROGRAM**

WestConnex have developed a public art program titled Canal to Creek where 18 artworks have been commissioned and mostly installed in new or rejuvenated public spaces from St Peters to Beverly Hills - <https://www.westconnex.com.au/community/canal-to-creek-public-art-program/>

The Visual Art & Design Educators Association (VADEA) and WestConnex have partnered to develop an online educational platform showcasing the WestConnex Public Art Program which will be directly tailored to the learning outcomes of the NSW Visual Arts Curriculum for Years 7-10 students. It is hoped the educational platform will support the development of students' critical & creative thinking and awareness of how public artworks contribute to communities. The online educational platform is expected to be an exemplar resource for students and teachers alike and will provide many interactive opportunities to engage both physically and virtually with the artworks developed for this program.

VADEA is inviting expressions of interest from experienced visual art educators to assist with the development of this curriculum and will pay for teacher relief on receipt of an invoice to [contact@vadea.org.au](mailto:contact@vadea.org.au)

Work is expected to be a minimum of 1 day but could be as much as 3 days depending on the scope of work the applicant is willing and able to take on.

We hope you will consider their interest in working with VADEA and help to facilitate this secondment.

If you have any questions, please contact me on 0422 891 817.

Kind regards,

Nicole DeLosa  
VADEA Co-president - Professional Learning
